To Whom It May Concern

I was introduced to Sister Ruth Loubser at the Johannesburg College of Education when doing a Sexual Education Workshop in 2001.

Ever since then, Sister Ruth has come to speak to our Grade 7 pupils on sexual education. The topic is dealt with the utmost professionalism and our learners have always walked away acknowledging that they had learnt a tremendous amount.

The presentation is a combination of videos, overhead transparencies as well as discussion. Sister Ruth also has a questionnaire at the end of the 2 day programme which she then analyses and sends me a detailed report.

I can highly recommend Sister Ruth Loubser to any school whether it be High or Primary.

Thanking you
